

1 HOUSE JOINT RESOLUTION NO. 30

2 INTRODUCED BY D. HIMMELBERGER

3 BY REQUEST OF THE HOUSE STATE ADMINISTRATION STANDING COMMITTEE

4
5
6 A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF
7 MONTANA REQUESTING THAT AN APPROPRIATE INTERIM OR STATUTORY COMMITTEE BE
8 DESIGNATED TO STUDY WILDLAND FIRE SUPPRESSION.

9
10 WHEREAS, the Legislature created the Fire Suppression Committee during the September 2007 special
11 legislative session, which was convened to appropriate the state's share of costs of the extreme 2007 wildland
12 fire season; and

13 WHEREAS, the Fire Suppression Committee was charged with studying fire and land management
14 policies and strategies with an eye toward examining ways to mitigate costs to state taxpayers; and

15 WHEREAS, the Fire Suppression Committee met at least monthly for a year to learn about the various
16 aspects of wildland fire suppression, forest and grassland management, the wildland-urban interface, how fire
17 costs are calculated, and how local, state, and federal agencies handle jurisdictional issues and policy
18 differences; and

19 WHEREAS, after soliciting and receiving extensive public comment and traveling to seven communities
20 around the state, the Fire Suppression Committee developed detailed predictions, conclusions, and
21 recommendations for action aimed at private citizens and local, state, and federal wildland fire agencies, all of
22 which are provided in the committee's final report to the Legislature; and

23 WHEREAS, the Fire Suppression Committee agrees with those who have predicted that wildland fire
24 seasons will only increase in duration, severity, and costs and its members believe that unless certain measures
25 are taken, firefighters will be injured, communities will be destroyed, and lives may be lost; and

26 WHEREAS, an appropriate interim or statutory committee should be requested to continue the work of
27 the Fire Suppression Committee, track each of the recommendations made by the Fire Suppression Committee,
28 and monitor any legislation and appropriations made by the 61st Legislature to implement any Fire Suppression
29 Committee recommendations.

1 NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE
2 STATE OF MONTANA:

3 That the Legislative Council be requested to designate an appropriate interim or statutory committee,
4 pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

5 (1) analyze whether and how each of the recommendations made by the Fire Suppression Committee
6 established by Chapter 1, Special Laws of September 2007, in its 2008 report to the 61st Legislature has been
7 implemented and which of those recommendations should be amended or reinforced;

8 (2) examine additional needs of local and state fire suppression entities;

9 (3) further investigate state and federal forest management policies, including how those policies may
10 contribute to an increased number of wildfires, greater safety risk to firefighters and the public, and compromised
11 effectiveness of fire suppression efforts, and avenues the Legislature may pursue to effect changes in those
12 policies;

13 (4) examine the impact of climate change on forest lands; and

14 (5) examine any other aspect of wildland fire suppression and land management that the interim
15 committee determines to be appropriate.

16 BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be
17 presented to and reviewed by an appropriate committee designated by the Legislative Council.

18 BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review
19 requirements, be concluded prior to September 15, 2010.

20 BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions,
21 comments, or recommendations of the appropriate committee, be reported to the 62nd Legislature.

22 - END -
